## STATEMENT OF METHODOLOGY

The information presented in this report was collected and assembled from a combination of original research and secondary sources. This section summarizes the methods used in gathering the data.

## Sources

The survey data is collected on a quarterly basis from participating apartment managers, management companies and owners. All information collected from individual complexes is completely confidential and only aggregate statistics are reported. The information furnished by the survey participants is considered reliable. However, the Survey Committee makes no warranty as to the reliability of the data and assumes no legal responsibility for the use of the data from the survey.

## Survey Criteria

The projects have 80 units or more in the Reno/Sparks service area;

- Projects reflect market rents. Affordable Housing, Student \& Senior Housing Projects are excluded;
- New projects have reached a stabilized occupancy of at least 90\%;
- The projects have a competitive on-site management program; and
- A willingness of the on-site manager to participate in the survey.

The results of this survey depict the operating conditions of the average of 24,575 units reported. A total of 99 projects were surveyed. We believe the statistics presented here are representative of the overall conditions of the Reno-Sparks Survey Area.

## Survey Modifications

Two new projects, Lumina and Harvest at Damonte Ranch Phase III, reached stabilization during the $3^{\text {rd }}$ Quarter 2020 and agreed to become survey participants. The total apartment projects participating in the survey increased from 97 projects to 99 projects, and the total units increased from 23,984 units to 24,575 units.

| Total Units | 23,984 | 24,575 | 591 Additional Units |

real estate appraisers \& consultants

| COVID-19 IMPACT |
| :--- |
| At the present time, the impact of the Covid-19 Pandemic on the real estate market is |
| unknown; however, it is anticipated to have a significant effect. In an effort to control the |
| spread of the virus, the Federal Government issued social distancing guidelines, and a majority |
| of states issued stay at home directives, as well as mandatory closures of non-essential |
| businesses, schools and universities. The Pandemic caused a significant decrease in business |
| activity and a dramatic increase in the unemployment rate. As a result, the U.S. Congress |
| passed legislation providing substantial financial aid to most businesses and individuals. |
| Although this legislation was intended to minimize the economic impact, it is unknown which |
| segments of the market will be adversely affected. |
| On September 4, 2020, the Centers for Disease Control and Prevention announced a federal |
| moratorium on evictions. The order offers Nevada tenants additional protections during the |
| duration of the Nevada moratorium, which was set to expire mid-October, and will continue to |
| block evictions for many people through December 31, 2020. The CDC order does specify |
| certain types of evictions which will be allowed, but prohibits landlords from carrying out |
| evictions for nonpayment of rent, evictions resulting from the expiration of the tenant's lease, |
| "no-cause" evictions and evictions of tenants-at-will. |
| While it is unknown exactly how the multi-family market will be impacted, we can speculate |
| that there may be an increase in vacancies in the coming quarters which may lead to decreases |
| in average rental rates. Additionally, it is likely that rent abatements and other concessions |
| will become more prevalent in the upcoming quarters. |
| In order to assess how Covid-19 is impacted our survey participants, we included a question |
| regarding delinquency to our 3rd Quarter 2020 survey. Approximately 48 survey participants |
| provided us with delinquency information. Of those who participated, we had properties |
| report no delinquency up to $40 \%$. Overall, the weighted average delinquency was 8.74\% for |
| the participating properties. |

## ECONOMIC OUTLOOK

While employment in Nevada increased over the month by 3,400 jobs, the state has seen a decrease of 127,600 jobs since September 2019, for an annual rate of $-9.0 \%$, according to the September 2020 economic report from Nevada’s Department of Employment, Training and Rehabilitation (DETR). The total employment level in the State is $1,296,900$. The state's unemployment rate in September was 12.6\%, down from 13.3\% in August but up 8.9 percentage points when compared to September 2019.
"I'm encouraged to see that employment continues to pick up and that unemployment has gone down. DETR is committed to doing our part to get Nevadans back to work," Director Elisa Cafferata said.

DETR's report also notes that Nevada's Unemployment Insurance (UI) claims decreased by 15,225 , or $30.7 \%$ over the month although they remain up 25,929 or $307 \%$ over the year.
"Employment gains slowed sharply for the second month in a row as the labor market continues to shift from a rapid policy-driven rebound to a more traditional recovery. While the pace of improvement is slower than in recent months, a 0.7 percentage point improvement in the unemployment rate remains very rapid by historical standards. Employment has regained just under half of the more than 287,300 jobs lost from February to April, and the unemployment rate has fallen sharply since it reached a record high of $30.1 \%$. After a strong initial recovery when a large number of businesses were simultaneously able to reopen, we have moved into a slower phase of recovery that depends largely on individual responses to COVID in the short term. Although the labor market continues to improve, Nevada remains one of the states most impacted by the COVID pandemic," said David Schmidt, Chief Economist for DETR.

## Additional September 2020 Economic Report Highlights:

- Nevada jobs are up by (+0.3\%), U.S. jobs are up by (+5.0\%) from August to September.
- Trade, transportation and utilities added the most jobs $(6,600)$ over the month.
- Leisure and hospitality ( $-16.1 \%$ ) and wholesale trade ( $-15.5 \%$ ) are down the most since the same time last year.
- The unemployment rate in Nevada is higher than the national rate in September and is at $12.6 \%$ on a seasonally adjusted basis and $12.6 \%$ on an unadjusted basis; the national rate was $7.9 \%$ adjusted and $7.7 \%$ unadjusted.

REAL ESTATE APPRAISERS \& CONSULTANTS

## COMMENTARY

The overall average rental rate for all units surveyed increased by $3.80 \%$, with all unit types experiencing an increase in average rental rates. Additionally, ten of the eleven sub-markets experienced an increase in average rental rates, while the Downtown Urban sub-market experienced a decrease.

The overall vacancy rate for all units surveyed decreased by 108 basis points, with six of the eleven submarkets showing decreases in vacancies. All unit types except studios experienced decreases in average vacancies. Average vacancy for all unit types is now at $2.24 \%$.

Over 5,000 apartment units are currently under construction in the Reno-Sparks market, with over 5,200 units in the planning stages. Due to the Covid-19 Pandemic, it is likely that development of planned units will be delayed in the short-term, until the ultimate impact of the Pandemic is known. It is likely that vacancy rates will begin to increase once all eviction moratoriums are lifted. Rental rates, which have continued to increase since the last recession, will likely begin to stabilize, and ultimately decrease over the next several quarters.

## GUIDELINES

The units reported in the survey are subject to the following conditions:

- Occupancy rates represent conditions as of the date of survey;
- Rents utilized in the report represent the base price of an unfurnished apartment;
- Units with more than one size per unit type were calculated on a weighted average for each unit type
- Weighted averages were used in all charts to give the most accurate statistics possible. The averages were weighted by the number of units reporting each data type;
- Vacant units are defined as those units currently available for lease (no contract in place).

| APARTMENT UNIT CLASSIFICATIONS |  |
| :---: | :---: |
| Apartment Type | Description |
| Studio | Units With One Living Area Plus Bath \& Kitchen |
| 1 Bed/1 Bath | Units With One Bedroom And 1 Bath Or 1-1/2 Baths |
| 2 Bed/1 Bath | Units With 2 Bedrooms, 1 Bath OR 1 Bedroom, Den, 1 Bath |
| 2 Bed/2 Bath | Units Have 2 Bedrooms And 2 Baths Or 1-1/2 Baths |
| 3 Bed/2 Bath | Units Having 3 Bedrooms And 2 Baths (Some Units Include A 3 ${ }^{\text {rd }}$ Bath) |
| Townhouse | Units Having 2 Or 3 Bedrooms, 2 Baths OR 2 Bedrooms, Den, 2 Baths |

## PROJECTS APPROVED AND/OR UNDER CONSTRUCTION

ERGS Properties broke ground on the North Peak Apartments, which are located in North Valleys, in 2017. At the end of the $3{ }^{\text {rd }}$ Quarter of 2020, 37 buildings were complete, $88 \%$ of the project had been pre-leased and $83 \%$ of the property was occupied. Additionally, the property manager has informed us that ERGS has decided to add three additional buildings to the project, increasing the total number of units from 328 to 352.

Reno Land Inc. broke ground on INOVA in the $2^{\text {nd }}$ Quarter of 2018. INOVA is a 581-unit apartment project located adjacent to The Summit outdoor shopping center near Mt. Rose Hwy and Interstate 580. This property features a blended mix of $80 \%$ market rate housing and $20 \%$ workforce housing. At the end of the $3^{\text {rd }}$ Quarter of 2020, ten buildings were complete, approximately $36 \%$ of the project had been pre-leased and $29 \%$ of the project was occupied.

Guardian Capital broke ground on Parq Crossing in the $4^{\text {th }}$ Quarter of 2019. Parq Crossing is a 288-unit apartment project located at the northeast corner of Oddie Boulevard and El Rancho Drive in Sparks. At the end of the $3^{\text {rd }}$ Quarter of 2020, two buildings were complete, approximately $23 \%$ of the project had been pre-leased and $20 \%$ of the project was occupied.

Bluth Development broke ground on The Lakes at Lemmon Valley in the $1^{\text {st }}$ Quarter of 2019. The Lakes at Sky Vista is a 768-unit apartment project located along Sky Vista Parkway, west of Lemmon Valley Road. At the end of the $3^{\text {rd }}$ Quarter of 2020, eleven buildings were complete and approximately $16 \%$ of the project had been pre-leased and $11 \%$ of the project was occupied.

Oakmont Properties broke ground on Azure in the $3^{\text {rd }}$ Quarter of 2018. Azure is a 308 -unit apartment complex located along the east side of Marina Gateway Drive. At the end of the $3^{\text {rd }}$ Quarter of 2020, three buildings were complete, approximately $32 \%$ of the project was preleased and $21 \%$ of the project was occupied.

The chart below summarizes the market rate projects within the Reno-Sparks market with approvals, in planning stages, or under construction.

| PROPOSED \& UNDER CONSTRUCTION (MAJOR APARTMENT PROJECTS OVER 80 UNITS) |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
| Projects Under Construction |  |  |  |  |

## RENT CONCESSIONS

During the $3^{\text {rd }}$ Quarter of $202010.10 \%$ of the apartment projects in our Survey offered rent concessions, which decreased from $23.71 \%$ in the $2^{\text {nd }}$ Quarter of 2020. Concessions range from discounted move-in costs to reduced rent on a twelve-month lease. A majority of the properties now offering concessions, are offering a discount to Tesla and other Tahoe Reno Industrial Center employees. The most commonly found rent concessions consist of:

- Reduced rent with a 12 -month lease

The chart below summarizes the percentage of projects which have offered concessions, and the overall vacancy rate, between 2015 and a current date. It is recognized that an increasing number of apartment projects are utilizing YieldStar, and concessions are not reported separately by the apartment managers.

| REGIONAL CONCESSION HISTORY |  |  |
| :---: | :---: | :---: |
| Quarter/Year | \% Offering Concessions | Overall Vacancy \% |
